Description

This elegant centre or sidetable is an unusual small size.

It has a pared down form with no frieze drawer and would stand well in a contemporary interior. The carpenter has used high quality quarter sawn oak with numerous medullary rays which he has bookmatched to create beautiful figuring in the top. I have included some overexposed images of the top to show the bookmatching clearly. The turned legs are slender and elegant.

The twin-plank top with ovolo-moulded front and side edges. The shallow frieze supported by baluster turned legs, joined by rectangular rear and side stretchers, on turned feet.

Measures: Length 72cm, 28 ¼ in, Depth 48cm 19 in, Height 68cm, 27in.
